### **Research Interests**

---

- Application of Environmental Economics to the Marine & Terrestrial Environment
- Application of Environmental Valuation Techniques and Benefit Transfer
- Application of Environmental Cost-Benefit Analysis/Impact Assessment
- Policy Oriented Research Focused on Supporting Decision-Making

### **Education & Qualifications**

---

**Feb. 2007 – Nov. 2012: PhD in Economics**

Stirling University, UK

Thesis title:

“The Economic Value of Improvements in the Ecology of Irish Rivers due to the Water Framework Directive (WFD)”

**Oct. 2005 – Nov.2007: MPhil in Research Methods (focused on Agricultural Economics)**

National University of Ireland, Galway, Republic of Ireland

Dissertation title:

“The determinants of multi-cropping agricultural systems (inter-crop diversity), the effect of crop diversity on farmer’s income and its role as a risk management mechanism: The case of Greece”

**Oct. 2002 – Oct. 2003: MSc in Environmental Economics**

University of York, UK

Dissertation:

“A Contingent Valuation survey for the conservation of two endangered species in Zakynthos Island (Greece)”

**Jan.1997 – Sept.2001: BSc in Economics (specialized in Applied Economics)**

Athens University of Economics and Business, Greece

### **Professional Membership**

Current member of: Economic Chamber of Greece, Associate Institute Team Member of the Socio-Economic Marine Research Unit at National University of Ireland, Galway

Previous member of: DEFRA’s (Department for Environment, Food and Rural Affairs, UK) Network of Economists, Social Research Network, Natural Value and Economics Group and of the Productive Seas Evidence Group (PSEG), UK Fisheries Economics Network (UKFEN)-Seafish, UK Government Economic Service (GES), UK Network of Environmental Economists, European Association of Environmental and Resource Economists (EAERE), European Regional Science Association (ERSA), RESEES - REsearch on Socio-Economic and Environmental Sustainability, Athens, Greece, Environmental Economics Research Group, University of Stirling (UK)

## Additional Skills

- **Information Technology:**

Statistical software:	Stata, SPSS
Econometric software:	Limdep, Biogeme,
Modelling and mapping software:	GIS
Other:	Photoshop, Dreamweaver, all areas of Microsoft Office, Internet

- **Languages:**

<u>Language</u>	<u>Level</u>	<u>Certification</u>
Greek	Native	
English	Fluent	Proficiency of Cambridge University
French	Very good	DALE, Unités B1 – B4
Spanish	Very good	DELE-Superior exams to be taken

**Other:** Project management, good communication and presentation skills. Full driving license.

## Employment and Work Experience

**December 2014 – present:** Independent Researcher and Consultant - marine environmental economist providing socio-economic expertise in ecosystem-based marine planning and management. Actively collaborating with the Agricultural Economics Research Institute (AGRERI) and the Hellenic Centre of Marine Research (HCMR) on a number of projects including the LIFE Andros Park – “Conservation of priority species and habitats of Andros Island protected area integrating socioeconomic considerations”, “MARine Spatial Conservation planning in the Aegean sea”, co-funded by the European Environmental Area Financial Mechanism and by the Public Investments Programme (PIP), PROTOMEDEA, "PROTecting MEDiterranean EAst", in response to the call for “Marine Protected Areas: network(s) for the enhancement of sustainable fisheries in EU Mediterranean waters”, funded by the European Union DG MARE (<http://www.protomedea.eu/index.php/en/>), EU DG MARE DISCATCH<sup>1</sup> project. Have also been sub-contracted by NCC Ltd for EU LIFE project CYCLADES and more recently by ICF International for “Study on the economic benefits of Marine Protected Areas", EASME/EMFF/2015/021.

**September 2012 – November 2014:** Senior Executive Officer - Environmental Economist at the Marine Management Organisation (MMO), UK (<http://www.marinemangement.org.uk/>). My post involved the provision of technical economic expertise to support decision making in the Marine Planning, Marine Conservation and Fisheries Enforcement and European Fisheries Fund Teams. In addition, I was responsible for commissioning and managing projects that aimed to expand the Organisation’s evidence base for marine management purposes. Finally, I participated to technical, steering, stakeholder groups and advisory committees for the provision of technical expertise regarding the management of the marine environment.

**March 2011 – September 2012:** Researcher at the Athens University of Economics and Business, Greece. Involved in EU FP7 projects THESEUS (Innovative technologies for safer European coasts in a changing climate) and MERMAID (Innovative Multi- purpose off-shore platforms: planning). Also worked on Asopos River project (Integrated River Water Resources Management in Asopos River Basin) as a member of the RESEES - REsearch on Socio-Economic and Environmental Sustainability – team. Accountable to Prof Phoebe Koundouri.

<sup>1</sup> Pilot project catch and discard composition including solutions for limitation and possible elimination of unwanted by-catches in trawl net fisheries in the Mediterranean (DISCATCH)

**January 2011 – present:** EVRI (Environmental Valuation Reference Inventory), Consulting and Professional Services.

**Mar. 2007 – May 2007:** Literature review and report writing for a report to DEFRA, “Scoping study on agricultural landscape valuation”. Accountable to Prof. Nick Hanley, Division of Economics Stirling Management School, University of Stirling.

**Feb. 2005 – Dec. 2006:** Research Assistant at the Economics Department of National University of Ireland, Galway. Worked on two EU FP6 integrated projects: CAPRI (Common Agricultural Policy Regional Impact Analysis, and SEAMLESS project (System for Environmental and Agricultural Modelling; Linking European Science and Society. Accountable to Dr. Eoghan Garvey†, Economics Department, NUI, Galway.

### **Technical Advice and Project Evaluation and Management**

#### **Examples of involvement:**

**2016** Collaborator in producing the ‘Demystifying Economic Valuation’ paper that covers the main issues, questions and principles surrounding economic valuation and is designed as an overview for those new to economic valuation. Ozdemiroglu, E. & Hails, R. (eds), 2016. Demystifying Economic Valuation, Valuing Nature Paper VNP04in developing <http://valuing-nature.net/sites/default/files/images/VNN-Demystifying%20Economic%20Valuation-Paper.pdf>

**2015** Contributed as an expert on marine economics and maritime spatial planning to a declaration regarding the development of Maritime Spatial Planning (MSP) in Greece which resulted from round table discussions on “MSP in Greece: challenges due to the implementation of MSP Directive based on current knowledge”, during the 11th Panhellenic Symposium on Oceanography and Fisheries, Lesvos, Greece, 13<sup>th</sup> to 17<sup>th</sup> of May 2015

**2014** Contributed as a member of DEFRA’s PSEG (Social and Economic Assessment Sub-Group), to the report “Social and Economic Assessment Requirements for Development Projects Affecting the Marine Environment”, 2015  
<http://www.scotland.gov.uk/Topics/marine/science/MSCC/PSEG/socecenvirom>

**2013-2014** Member of the advisory committee of VALMER (Valuing Marine Ecosystem Services in the Western Channel Region) Interreg (IVA) project, 2013-2015.  
<http://www.valmer.eu/>

**2013-2014** Member of the steering group of DEFRA project “Developing UK Natural Capital Accounts for Woodlands and Marine Environment”, 2013-2014.

**2013-2014** Member of the steering group of DEFRA project “Valuing the UK Marine Environment – an Exploratory Study of Benthic Ecosystem Services”, 2013-2014.

- 2013-2014** External reviewer and member of the stakeholder group of UK National Ecosystem Assessment Follow-on Phase Work Packages: WP3b-Coastal and Marine Ecosystems and WP6 Development of the UK NEA scenarios. <http://uknea.unep-wcmc.org/Default.aspx>

**Directed MMO (UK) projects as project manager:**

- 2015** MMO1048: Practical Framework for Outlining the Integration of the Ecosystem Approach into Marine Planning in England
- 2014** MMO1075: Exploring the Potential of Using Official National Statistics (ONS) for Marine Planning
- 2012** MMO1050: Economic Baseline Assessment of the South Coast

## **Conferences**

---

12th Panhellenic Symposium of Oceanography and Fisheries, Corfu, Greece, 30 May-3 June 2018. The following paper was presented by main author: 'SYSTEMATIC CONSERVATION

PLANNING: PROTECTING BIODIVERSITY AND FISHERIES RESOURCES IN CYPRUS', Markantonatou V, Chartosia N, Petrou A, Jimenez C, Karachle PK, Kavadas S, Maina I, Michailidis N, Scarcella G, Stithou M, Vassilopoulou V, Katsanevakis S.

12th Panhellenic Symposium of Oceanography and Fisheries, Corfu, Greece, 30 May-3 June 2018. The following poster was presented: 'LINKING IMPACTS OF HUMAN ACTIVITIES WITH KEY ECOSYSTEM SERVICES OF PRIORITY HABITATS IN THE AEGEAN SEA: THE CASE OF POSIDONIA OCEANICA MEADOWS AND THE SUBSEQUENT LOSS IN FLOWS OF CARBON STORAGE BENEFITS'. Gkadolou E, Stithou M, Vassilopoulou V.

41st CIESM Congress, Kiel, Germany, 12 September - 16 September 2016. The following paper was presented by main author: "The importance of coralligenous habitat to the local economy of Isole Tremiti MPA (Adriatic Sea): The case of recreational diving", Chimienti, G., Mura, I. D., Stithou, M., Mastrototaro, F., D'Onghia, G., Tursi, A., Izzi, C., Fraschetti, S. 41th CIESM CONGRESS PROCEEDINGS, Kiel (Germany).

Conference on "Economic Advice in Fisheries Management: a Trilogue between Science, Administration and Stakeholders", European Commission (DG MARE) in collaboration with the European Association of Fisheries Economists (EAFE) and the University of Malta, 4th to 5th of February 2016, Malta. Poster entitled "Drivers affecting trawl fishers discarding behaviour and potential incentives which may contribute to the successful implementation of the landings obligation in the Mediterranean"

International Scientific Symposium, Zakynthos, 4-6 December 2015. 'Marine Protected Areas in Greece and the Mediterranean: Designing for the Future by Applying Lessons Learnt from the Past'. Presented "Overview of socio-economic input for ecosystem-based Maritime Spatial Planning (MSP)" in Session "Marine Spatial Planning and Protected Areas in Greece and the Mediterranean".

2nd National Event for the Support Team of the Atlantic Action Plan: "Implementing the Atlantic Action Plan and Measuring the Ocean Economy" in Association with the 6th Annual Beaufort Socio-Economic Marine Research Workshop, Galway (Republic of Ireland), 24th November 2015. Presented "Overview of socio-economic input for ecosystem-based Maritime Spatial Planning (MSP)" in Parallel Session 1B: Beaufort Socio-Economic Marine Research - Beaufort Award Funded Research. <http://www.atlanticstrategy.eu/en/news-and-events/events/2nd-national-event-for-the-support-team-of-the-atlantic-action-plan>

11th Panhellenic Symposium on Oceanography and Fisheries, Lesbos, Greece, 13<sup>th</sup> to 17<sup>th</sup> of May 2015. "Overview of socio-economic input for ecosystem-based Maritime Spatial Planning (MSP)" Stithou, M. Presented during the round table discussions on "Maritime Spatial Planning in Greece: challenges due to the implementation of MSP Directive based on current knowledge" and contributed to the resulted declaration regarding the development of MSP in Greece.
